

## Scale and Ticket Tracking

Improve Efficiency with user-friendly web or mobile software

#### **Knowledge is Power**

Today's workforce is operating within a fast paced, mobile environment, which presents numerous challenges to management. Knowing what's going on at job sites and plants that are miles away can be time consuming, requiring multiple phone calls, interrupting workflow and productivity. Using our customized dashboards and our unique mobile solution, *RF Identity* gives you visibility into your operations you could only dream of before.

### Proud Partner with Alien Technologies

### **Top Benefits**

- Export tickets to ERP/CRM packages
- Track plant production from miles away
- Track job site production instantly
- Real time visibility into your daily operations

Reduce the need for phone calls

Automate billing

- Mobile app compatible
- Give your customers access to their data

PO Box 3231 Cedar Park, TX 78630

# *RF Identity* saves me time and money

### **Communication Is Key**

Where are my trucks? When are they going to arrive? Am I meeting my production goals? All good questions that need to be answered. With our unique and customizable dashboard get all the answers in seconds, all with interrupting your production workers on the job site. Our mobile app gives your employees the information they need, when they need it. Track daily trucking productions, material delivered on your job sites, plant productivity and more.

### **Give Your Customers Access To** Their Data

Downloading your scale tickets into your system is just one of the benefits of using our reporting and dashboarding tool. Allow your key customers and trucking partners access to run their reports and dashboarding of their own. Imagine, no after the fact arguing over standby time, no load count discrepencies or quantity issues. Allowing your customers to see their data gives you a competitive advantage.

### **Eliminate Paperwork And Data Entry**

Automatically download scale ticket information to your ERP/CRM system. Our easy to use API allows you to eliminate mind-numbing data entry and and takes hours worth of work down to minutes. This allows your employees to work on more mission critical aspects of their job. Imagine getting two extra hours a day of real value production work. With our scale integration and ticket integration, it's possible!

## **Web Access To Daily Operations**

In todays business life you need access to data 24/7 365 days a year. With our customizable dashboard you can view the information that is vital for your business to succeed. Get the information you need, when you need it, any time, anywhere.
